

Short and sweet
—your hours of labor when you use **Pearline**.
Without **Pearline**, you may work hard and do much; with **Pearline** you will work less and do more.

Pearline saves your clothes in the wash, and your temper in the washing. It is the continual rub, rub, rubbing, over a washboard in the old way with soap, that wears your clothes and makes hard work.

Pearline is the new way, and does away with the rubbing. It is as safe as it is sure; be sure to get **Pearline**—nothing else, and you will be safe.

ON ACCOUNT OF TIGHT CASH

Market Yesterday Was Poured Up and Down, Finally Closing Very Weak on Gold Imports.

New York, June 26.—Money on call active, ranging from 4 to 25 per cent; last loan at 4 per cent, and closing off at 6 per cent.

Post office rates, \$1.00-\$1.50.

Government bonds steady.

The stock market was nervous and unsettled throughout the day. There were one or two sharp rallies, but they failed to hold, and at the close quotations were only a fraction above the lowest. The bears were far more aggressive than of late in consequence of the stringency in money which held operations for the long account in check. The brokers are indisposed to advise purchases so long as they are troubled about in regard to obtaining accommodations at the bank. Late in the day the rate for money dropped from 26 to 15 per cent under offerings by the foreign bankers and the stock market rallied to 15 per cent, but the improvement was short lived and speculation left off irregular and unprofitable. The market closed in call loans to 6 per cent and a drop in sterling exchange to figures which, if continued, must lead to a reversal of the import movement of gold. Sales reached \$5,000,000 shares, including 38,000 unlisted stocks.

Chicago Markets

Chicago, June 26.—Wheat opened strong and advanced a cent from Saturday's close on bullish news, went off nearly 5¢ on general realization, but recovered all the lost ground. There was good buying with little for sale and prices ruled firm. Toward the close there was some evidence of the approach of financial trouble, but later best figures were touched a second time and the market closed 1½ to 1¾ higher than yesterday.

Corn was strong and higher in sympathy with the better tone in wheat, but was also held by the market's firmness. It closed at 45¢, holding at 41¢. September sold at 41¢-\$0.25; back to 42¢; and held firm round 42¢. The market closed at 50¢ to 50½ above last night.

Oats were strong and quiet, influenced largely by the strength in wheat and corn.

Pork products were inactive. The market opened weak and lower on the 'big receipts of hogs'. There was nothing doing in pork. September rises were off 75¢ at the first sale and dropped another 75¢. Lard sold off at 20¢.

Closing prices:

Wheat—June, 65¢; July, 65½¢; September, 70¢.

Corn—June, 41¢; July, 41½¢; September, 42¢.
